**NEW OFFICES** — Bryan Production Credit offices in Cameron are moved to this new location at 121 North Houston, a television repair shop before complete interior remodeling and new front construction. Open house will be Thursday, February 10, according to Dowell Hailley, now office manager succeeding Bob Clark. Building owner Henry Siebman, of Cameron, has installed complete new facilities in the office.

## Tax Status Cleared Industrial Site Opted

### Feb. 15 Start For Aluminum Plant

The Vietnam War tapped Milam County once again as Alcoa announced a February 15 starting date for a new powdered aluminum facility.

The Rockdale atomizing operation is under government contract of about \$18 million, when operating, to produce aluminum powder for fuel in solid propellant rockets and missiles, and as part of "their explosive force."

Alcoa sources have announced that the new operation, to be located on the northwest corner of the Rockdale smelter, will include structures to house hot metal atomizing, packaging and collecting equipment and utilities.

#### THIRD IN SYSTEM

This will be the third powdered aluminum operation in the Alcoa system. Others are operating at Alcoa, Tenn., and New Kensington, Pa.

Works Manager Howard Chrico said for the next two years, most of the production will be for the manufacture of "Snake Eye" bombs under a contract with the U.S. Navy.

"This will be a relatively small, highly instrumented facility designed to do a single purpose job," Chrico said. "While this new operation will not add appreciably to our payroll, it will serve to diversify the Rockdale Works and make more secure the jobs we already have here."

The facility will operate 24 hours a day, three shifts, to produce four million pounds a month. Grading and excavation work will begin about the middle of the month. Footings, road work and foundations will follow.

### 4 MORE FILE FOR PLACES ON DEMO BALLOT

Four candidates filed for places on the Milam County Democratic Primary ballot this week, according to Max McClaren, county democratic chairman.

Rep. Milton Schiller, incumbent, filed for representative district 27. E. C. Hoppe, incumbent, filed for Justice of Peace, precinct 8 Thorndale; Leonard Allen, incumbent, Justice of Peace, precinct 4 Rockdale and Seely Winthrop, Waco, filed for State Board of Education. Heran Jackson, incumbent on the board, has not filed with McClaren for re-election.

City Secretary Buddy Fuller said there had not been any new filings for city posts. Incumbent Councilman Lester Turner filed last week for re-election. Also on the city ballot will be the office of mayor and city councilman place 2.

Filing deadline for the county democratic primary is Monday, February 7. Deadline for filing in the city is March 5.

C. L. Valentine, potroom services superintendent, has been named to handle start-up and training phases, Alcoa reported. Dan Borch, of the New Kensington Alcoa plant, will be project engineer, while Ed Werner, of the Warwick Alcoa plant, will be construction superintendent.

#### FIRST IN TEXAS

The Rockdale plant will be the first to produce the atomized aluminum in Texas.

Chrico said the stuff is made by blowing molten aluminum through nozzles and instantly cooling the tiny metal particles.

"One of the major considerations for locating the atomizing facility at Rockdale," he continued, "was the growing potential for atomized aluminum in the Gulf Coast petro-chemical industry."

It will be a permanent installation.

### Cook Refused Delay Appeal By US Court

The United States Supreme Court has turned down an appeal to delay completion of Texas Court of Criminal Appeals hearings on the Oscar Cook death sentence pending a hearing before the Court in Washington.

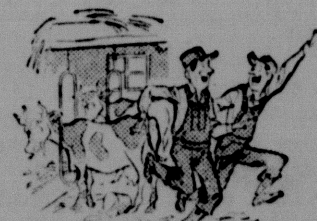

The motion by defense lawyers for Cook who was sentenced to death in the fatal shooting of his mother-in-law, Mrs. Velma Crow, at her Davilla home in May, 1964, was overruled by Justice Hugo Black for the Supreme Court.

Second hearing of an appeal on the Cook sentence is reported still pending in the Texas Court of Criminal Appeals, according to Falls County District Clerk Barton.

### Delegation To Attend Dinner For Schiller

A delegation from Cameron will attend the Milton Schiller appreciation dinner in Caldwell tonight at 7:30 p.m. in the American Legion Hall. Also expected for the dinner are a group of state officials headed by House Speaker Ben Barnes, and delegations from Falls and Robertson Counties.

Schiller was state representative for Burleson County before re-districting changed the district to include Milam, Robertson and Falls Counties.

### THERMOMETER DIPS TO ICY 11 In CAMERON

Cameron residents shivered last weekend as a new cold front that swept the nation sent local temperatures down to a near record 11 degrees Sunday. And there was little consolation in the bright sunlight Wednesday, Ground-Hog Day, which weather prophets say will insure another 6 weeks of winter.

Official temperature readings in Cameron were:

### Plans Underway For May Drive

The Cameron Industrial Foundation board Monday accepted a six-month option on a 29-acre tract as an industrial site.

And the Board heard a report from John B. Henderson Jr., local committee chairman, that the Industrial Foundation has been declared exempt from state and franchise taxes. This was the final step for clearing the Cameron Industrial Foundation as non-profit, tax-exempt organization.

Site committee chairman Lester Williams reported completion of a six-month option on about 38 acres of Broad land west of Cameron along Santa Fe Railroad and the old Temple Highway.

A soil analysis will be taken, by coring, to determine nature of surface and sub-surface strata for construction purposes. The six-month option is good until July 29.

Bill Burns, finance and membership committee chairman, displayed forms for stock certificates from a specialty firm and other materials needed in conducting a fund drive.

He said the drive group hopes to add additional personnel for a prospective May 1 opening drive for \$100,000.

Members of the finance and publicity committees were planning a meeting with officials of the Caldwell Industrial Foundation later in the month to review techniques employed there for fund raising and bringing in an aluminum fabricating firm from Florida.

Frank Lueche, assistant chairman of the publicity committee, said that plans for an information program this spring would be ready by mid-month.

A speakers panel, panel discussions, special features and special presentations are being considered by the committee.

### 4 Men Indicted By Milam Grand Jury

Indictments were returned against four men by the Milam County Grand Jury which met Jan. 26. County Attorney John Henderson listed the following indictments:

Bert James Glover of Dallas is charged with murder with motor vehicle (2 cases) on Dec. 24, 1965.

Thomas Flores of Hammond, Ind., charged with felony theft on Dec. 20, 1965.

Clarence Herman Taap of Cameron charged with assault with intent to rape on Oct. 17, 1965.

Ernest Gibson of Dallas charged with burglary on Dec. 1, 1965.

### Services Tuesday For Mrs. Collins; Burial In Oak Hill

Mrs. Anna Bell Collins, 36, a native of Milam County, died in a local hospital Sunday morning. Funeral services were held at Mark Burns Funeral Home with Fred Starnes officiating. Burial was in Oak Hill Cemetery.

Survivors are her husband, Sherman Eugene Collins of Cameron, two daughters, Rita Bell Matula and Kathleen Matula, both of Cameron; her father, Henry Tucker of Aransas Pass; mother, Mrs. Ola Tucker of Cameron; five brothers, Arzy, Billy and Dewey Tucker of Aransas Pass, Jack Tucker of Cameron, Milton Tucker of Brenham; five sisters, Mrs. Mozell Holland, Mrs. Netta Patterson, Mrs. Bonnie Mae Valchar, Mrs. Shirley McGoldrick and Mrs. Mona Giesie, all of Cameron.

**PROCLAMATION** — County Judge Don G. Humble signs a proclamation citing Farm Bureau Week in Milam County February 7 through 12. Looking on,

from left, are: V. L. Angell, Milam Farm Bureau president; and E. E. Dodd, first vice president and membership chairman.

### C of C Elects Six

### 3 Year Directors;

### Board To Appoint 8

Six new directors have been elected to the Cameron Chapter of Commerce Board and will be installed along with new officers at the annual Chamber banquet Tuesday, March 3.

Elected to serve three year terms are: James Camp, R. W. Wells, Gene Smitherman, Mildred Thornton, Herman Hamel and Lavert McKinney. Retiring Board members are: Bill Burns, John Schigut, Forrest Sapp, Bill Crockett, George Bowman and Coleman Duncum.

The new Board will appoint eight directors to serve one year terms on the board. They will also be recognized at the March 3 banquet.

Another highlight of the banquet will be presentation of the McCollin Civic Award for 1965. Individuals, civic clubs and organizations may submit nominations for the civic honor before February 8. Nomination forms, which will be reviewed by a selection committee, are available at the Chamber office.

Such grandeur appeals to everyone, Joe. And if they had had Philmont Ranch years ago, and had told about it as well as that film did, a lot more people than even the millions who were, would have been in Scouting.

**PAPERBACKS?** A Christian Science Monitor cartoon of late shows the wife of an author, sitting at typewriter, as she enters the room with an armful of books and says:

"What an unbelievable bargain! Your book which sold originally for six dollars is now selling for fifty-nine cents!"

106-106-106

A sense of the Vietnam crisis arises when one realizes that a Milam County industry is producing material for direct use in the destruction over there.

That powdered aluminum will help make things go bang when those Navy planes release the rockets full of the stuff.

### Jaycee Dance To Aid March Of Dimes

C. J. and the Jewels will play for a dance benefiting the March of Dimes Drive Friday night at the National Guard Armory, Cameron.

Cameron Jaycees are sponsoring the dance which will begin at 8 p.m. Jaycee President Rev. Paul McCallum said "admission will be 10 dimes or \$1."

Rev. McCallum said that all proceeds would go to the March of Dimes. "The band is donating their time and Junior Chamber members are donating their time and efforts," he said.

## Mothers March Collects \$366

Cameron mothers marched Monday night and collected \$366.14 for the 1966 MOD drive. Mrs. Griffin Burnett was chairman of the mother's march. Birth defects were stressed this year, and marchers left informative literature with those contributing to the drive.

Captains met Monday night with Mrs. Burnett, Max McClaren, county drive chairman, and Richard Williams at the First National Bank to count and roll the monies.

The teenage discotheque held Saturday night cleared \$81.51 under the direction of Bobby Schil-

ler, Linda Richardson and Madeline McClaren. Rockdale teenage co-chairmen Penny Graves and Evelyn Pearson have planned a western dance at the American Legion Friday night. The Farrells will provide music and admission will be \$1.

According to Mrs. Shirley Kelley and Albert Whiteside, the mother's march for the Negroes took in \$73.73. Mrs. Kelley expressed appreciation to her workers in the drive.

The Bucket Brigade will be held Saturday, Feb. 5, with John Henderson Jr. and James Kahler in charge.

Mr. and Mrs. John S. Talbott of Rockdale announce the engagement and approaching marriage of their daughter Sylvia Ann to Mr. Eugene A. Schattle, son of Mr. and Mrs. Henry J. Schattle Jr. of Cameron. Miss Talbott is a 1963 graduate of Milano High School, attended Blinn Junior College and is presently employed at the First National Bank, Cameron. Mr. Schattle is a 1963 graduate of Yoe High School and is employed at Alcoa in Rockdale. The wedding has been set for March 5 at St. Monica's Catholic Church, Cameron.

MRS. ROBERT DANIEL

## Ceremony Unites Rogers - Daniel

Baskets of white mums decorated the Church of Christ for the 4 p.m. wedding Sunday uniting Miss LaNell Rogers and Mr. Robert Daniel.

Miss Rogers is the daughter of Mr. and Mrs. Norris Rogers of Cameron and Mr. Daniel is the son of Mr. and Mrs. R. E. Daniel of Temple.

Mr. Ralph Nelson conducted the double ring ceremony and wedding music was provided by Mr. and Mrs. Dalos Cobb of Temple, Mr. and Mrs. Darrel Cobb of Rogers and Mr. and Mrs. Derwood Cobb of Cameron.

Given in marriage by her father, the bride wore a floor length princess gown of rose point pattern Chantilly lace fashioned with Sabrina neckline accented with seed pearls and sequins. A controlled skirt with a seven tiered back swept to a Cathedral train.

The bride's crown of seed pearls held a fingertip veil of illusion. She carried a traditional bridal

bouquet and wore a diamond drop necklace, a gift of the groom.

Miss Helen Walker of Alexandria, La., was maid of honor. Miss Linda Kral of Belton was a bridesmaid and Miss Karen Daniel of Temple, sister of the groom, was a junior bridesmaid.

Attendants wore red peau de soie gowns and headpieces of red silk net. They carried peppermint carnations.

Miss Jang Hause of Cameron was flower girl. She wore white petit-point brocade with white satin headpiece.

Bob Mausner of Bryan was bestman. Groomsmen were Newel Graham of Temple and Pat Fatheree of Houston. Ushers were Boyd Fatheree of Houston, Bobby Jones of Cameron, Bob Shaffer of Temple and Tommy Jones of Belton.

The bride's mother wore a dress of olive green lace with matching accessories and peppermint carnations. The groom's mother wore a dress of Royal blue with matching accessories and peppermint carnations.

Miss Ray Walker of Alexandria, La., registered guests at the reception in the home of Mr. and Mrs. Bentley Hause.

Peppermint carnations centered the bride's table which was covered by a white slipper satin cloth with draped skirt.

In the houseparty were Miss Dana Christopher of Sugarland, Miss Martha Williams of Killen, Miss Linda Bridges of Temple, Miss Carolyn Stewart of Devine, Tex., Miss Marsha Seibman of Cameron and Miss Dana Kay Hause of Buckholts.

Following a wedding trip the couple will make their home in Lynwood, Calif.

The bride is a graduate of Yoe High School. She attended Abilene Christian College and Mary Hardin-Baylor College where she was a member of the T.S.F.A. and Art Clubs.

### Book Review For Pleasure Profit Club

The Pleasure and Profit Club met January 27 in the home of Mrs. B. F. Grimes. Refreshments of refrigerator fruit pie, tea sandwiches, olives, nuts and mints and coffee were served to 17 members.

Mrs. J. A. Bowling presented a review of the book "Up The Down Staircase" by Bel Kaufman.

### 'Inner Discipline' Is Lutheran StudyTopic

BUCKHOLTS The circles of the Hope Lutheran Church met this week for separate Bible Studies. The topic for discussion was "The God of Inner Discipline."

The Naomi Circle surprised their hostess, Mrs. J. T. Fischer, with a surprise birthday celebration. Other hostesses were Mrs. Florine Barkemeyer, Ruth; Mrs. G. H. Beckhusen Sr., Hope; Mrs. John Henson, Priscilla; Mrs. Carl Von Gonten, Rebekah; and Mrs. Bruce Massingill, Martha.

Bible study leaders were Mrs. Kenneth Springer, Mrs. Edna Fuchs, Mrs. Vernon Dungan, Mrs. Betty Zelisko, Mrs. Bruce Massingill, Mrs. Ruth Schneider and Mrs. Arnold Jungmann.

The American Lutheran Church women will sponsor the next family night with a chili supper on February 20.

## Wallace - Simon Wed In Bryan

Miss Kathy Lorraine Wallace became the bride of Joel Alex Simon in a 5 p.m. Saturday ceremony at All-Faiths Chapel on the Texas A&M University campus.

The bride is the daughter of Mrs. Olena Franklin Wallace of Cameron and W. W. Wallace of Bryan. Parents of the groom are Mr. and Mrs. C. W. Simon of Bryan.

The Rev. Richard H. Thomas, pastor of the First Presbyterian Church, Bryan, conducted the single ring rites. Mr. and Mrs. A. M. Soranson, soloist and organist, presented music for the ceremony which was held before an altar decorated with white gladioli, carnations and stephanotis flanked by brass candelabra.

Given in marriage by her father, the bride selected a dress of silk organza and chiffon lace. The modest neckline of the long-sleeved bodice was embellished with tiny seed pearls. The front of the organza skirt curved open to reveal a panel of Chantilly lace. Tiers of lace formed the scalloped chapel train.

The bride's crown of starched Alencon lace was outlined with tiny seed pearls and held a

shoulder length veil of pure silk supported illusion. White carnations and stephanotis surrounding a white orchid formed her bouquet.

Miss Betty Kay Cash attended the bride as maid of honor. Bridesmaids were Misses Betsy Bowman and Sue Holland of Cameron.

They wore peacock blue taffeta and peau de soie gowns designed with empire waistlines and floor-length skirts. Each carried two, long-stemmed champagne carnations.

Best man was Freddie Middlebrook. Groomsmen were Gill Wallace of Cameron, brother of the bride, and Arthur Hughes. Ushers and candlelighters were Deryl Middlebrook and Jerry Simon, brother of the groom.

The Holiday Inn was the scene of the reception following the ceremony. Miss Gaye Williams registered guests in the bride's book.

Houseparty members included Mrs. John W. Poindexter of Dallas, Mrs. Emmette Wallace, who served at the bride's table, and Mmes. H. A. Weddington, M. E. Wallace, Jr., and H. R. Williams who assisted in receiving guests.

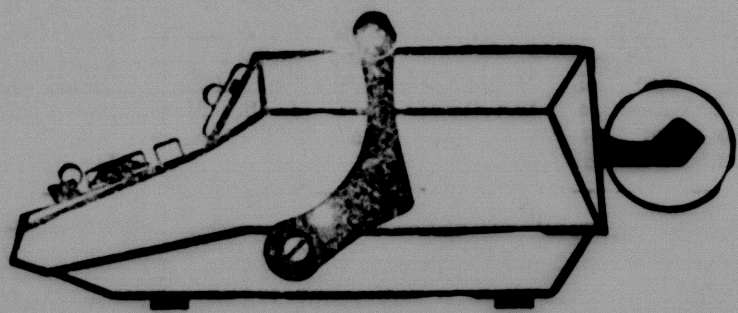

MRS. JOEL ALEX SIMON

The newlyweds will live at 2700 A. Maloney Mr. Simon is a junior at Texas A and M University majoring in architectural con-

struction. Mrs. Simon is a graduate of Buckholts High School, and was graduated from Stephen F. Austin High School.

The Wesley Methodist Church will be the setting for the April 8th wedding of Miss Vivian Ann Lenz and Mr. Paul Hauk. Miss Lenz is the daughter of Mrs. R. J. Lenz of Bryan and Mr. Hauk is the son of Mrs. Vera Hauk of Cameron and the late Mr. Hauk.

## Marlin Golf Tourney Benefits Heart Fund

Marlin Country Club will sponsor the ninth annual golf tournament benefiting the Heart Fund.

The 18-hole tournament will be Saturday and Sunday, Feb. 26 and 27. There will be a medalist prize and prize for each flight.

EMPLOYEE OF MONTH — Jerald Friesenhan, manager of Penney's in Cameron, smiles approval as Mrs. A. J. Von Rosenberg, store employee, is cited as employee-of-the-month by the Cameron Chamber of Commerce. Presenting the award is Chamber President Forrest Sapp.

## Last Second Tally Decides O. J. Game

The O.J. Thomas Bulldogs won two ball games last week by defeating Smith High School 51-30 and Belton 56-51. These two victories give the Bulldogs a good chance of winning District 7A.

In the game with Belton, a strong contender for district honors, Belton led the Bulldogs for 3 quarters and most of the final period. Larry Ray and teammates came on strong in a big rally and defeated the Belton team 56-51. Ray scored 25 points in this game.

The game between O.J. Thomas girls and the Belton girls was the thriller of the night. Belton had a one point advantage with 9 seconds remaining in the game when a Belton player committed a personal foul which sent Julia Harris to the free throw line with 2 shots. She sank both and the Cameron girls had a 27-26 victory.

District 7A will probably be decided this week. There is a three-way tie for first place between Cameron, Caldwell and Jones High of Snook, each listing a 5-1 district record. The girls division has Caldwell in first place with a 6-0 record. O.J. Thomas girls have a 4-2 record.

## Women Golfers Set Tournament

Plans are being formed for the 10th annual invitational golf tournament of the Cameron Womens Golf Association, according to Mrs. Niley Smith, CWGA president. Invitations are being mailed to area clubs for the March 22 tournament which usually attracts about 100 golfers for the one-day tournament.

Mrs. Ray Lester is tournament chairman.

## CROP INSURANCE

Many Texas farmers are eligible for top-notch crop insurance in 1966. Ben Jordan Jr., state director, Federal Crop Insurance Corp., says the built-in insurance in the new ASCS program can be combined with the Federal Crop Insurance to give growers insurance for their production costs and some profit should a loss occur. FCIC insurance is available for cotton, wheat, and grain sorghum.

## New School Record Set As Yoe Downs Caldwell Team 61-50

By Eddie Huntsman

The Cameron Yoemen won the first game of the second round of 17-AA competition last Friday night as they downed the Caldwell Hornets 61-50. Senior Mack McKinney set a new school scoring record of 33 points in a game. Previous high of 32 points was set in 1961 by David Barkemeyer. Wayne Kirk and Don Mitchell tied for second place honors with 3 points each.

The Caldwell Hornets were led by Gray with 21 points. D. Bowers was second with 11 points.

**Still more new cars and diesels, too, for Santa Fe.**

Our \$145-million improvement program for 1966 includes 60 high-horsepower diesels and 5,000 freight cars. That brings our investment—in just 4 years—to more than \$360-million for 18,000 modern cars and diesels. All to serve still better our busy Santa Fe Country.

Soon more than 20 per cent of Santa Fe's huge fleet will be less than four years old. But this does not tell the whole story. Many new cars are longer; others have capacities multiplied 2 1/2 times; many haul double the tonnage of cars they replace.

Our fleet of giant 100-ton covered hopper cars for grain, and other bulk commodities is being expanded. Soon 5,600 of them will be in service—with the carrying capacity of 11,000 conventional box cars! Half of Santa Fe's diesel freight

The railroad that is always on the move toward a better way.

June Trial Set For H. Gonzales

District Judge W. C. Wallace has set a June 14 trial date for Hipolito Gonzales who is charged in the death of Simon Amador, 42, of Burlington.

County Attorney John Henderson Jr. asked postponement of the trial, originally re-set for February because of the assault on the State is out of the country and will not return until May or June.

The cases against Theodore Gonzales and Phillip Camacho, also charged in the assault, have been passed for setting after the Hipolito Gonzales trial.

All three men are free on bond.

PROCLAMATION

OFFICIAL PROCLAMATION

By Hon. Don G. Humble

County Judge, Milam County, Cameron, Texas

GREETINGS:

WHEREAS, agriculture is essential to the economic well-being of Milam County, our State and the Nation; and

WHEREAS, the productive efficiency of our farmers and ranchers have enabled our citizens to enjoy the highest standard of living in the world; and

WHEREAS, this record of achievement has resulted from educational and technological advancement in agriculture under a free choice system; and

WHEREAS, farmers and ranchers have recognized the value of joining together in organized effort to promote and protect their interests; and

WHEREAS, three out of four farm and ranch families in this Nation belonging to a general farm organization are members of the Farm Bureau; and

WHEREAS, Farm Bureau is a free, independent, non-governmental, voluntary organization of farm and ranch families united for the purpose of analyzing their problems and formulating action to achieve educational improvement, economic opportunity, and social advancement, thereby promoting the national welfare.

NOW, THEREFORE, I, Don G. Humble, County Judge of Milam County, do hereby designate February 7-12 as FARM BUREAU WEEK in Milam County, and urge our citizens to give due recognition to this observance honoring the Milam County Farm Bureau.

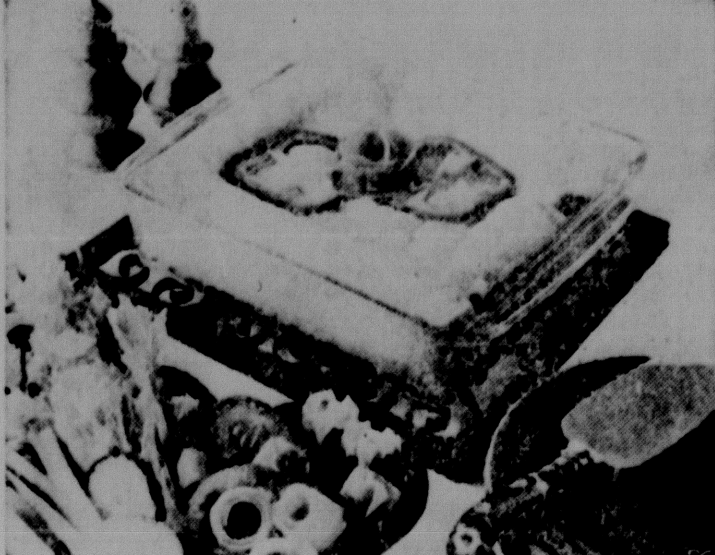

IN official recognition whereof, I hereby affix my signature this 31st day of January, 1966.

Signed Don G. Humble  
Milam County Judge

**FRUIT TREES NEED COLD**

Because of the mild weather up to mid-January, fruit trees in Texas need a lot more weather like that of the past 10 days to insure enough hours of cold for their rest period or dormancy, says Blueford Hancock, Extension horticulturist at Texas A&M University. Prior to the recent cold, he says, most peach and plum producing areas had logged less than half of the cold needed for dormancy. Unless a tremendous number of cold hours below 45 degrees, are logged within the next 45-60 days, the rest period or chilling requirements of most of the state's peach and plum trees will not be satisfied.

Create A Cheese-Cream Cobbler

Cobblers confined to desserts only? Why, of course not. Here's a robust main course one developed by the Borden Kitchen. Classic corn bread made with buttermilk is topped with a creamy mixture of shredded American cheese and sour cream. All are such welcome and needed foods when a meatless meal is desired. To kindle real interest in eating, prepare a fresh vegetable accompaniment—cucumber slices, celery, carrot sticks and curls. Or pair with pan-fried or broiled fish.

- Main Course Cobbler**  
(Makes 6 generous servings)
- |   |   |
|---|---|
| 1 cup flour, sifted                           | 2 eggs  |
| 2 teaspoons baking powder                     | 1 cup buttermilk  |
| 1/2 teaspoon baking soda                      | 1/4 cup soft shortening                                 |
| 1/4 cup sugar                                 | 1-1/2 cups (8-slice 6-oz. pkg.)                         |
| 3/4 teaspoon salt                             | Vera-Snap pasteurized process American cheese, shredded |
| 1 cup yellow corn meal                        | 1 cup sour cream  |
| 1 tablespoon dehydrated instant minced onions |   |
- Into a medium-size bowl, sift flour, baking powder, soda, sugar and salt. Stir in corn meal and onions. Add eggs, buttermilk and shortening; beat with rotary beater about 1 minute. Do not overbeat. Pour mixture into well-buttered 9 x 9 x 2-inch pan. In small mixing bowl, combine shredded cheese and sour cream; mix well. Drop by tablespoonsful over top of corn bread batter. Bake in hot (400° F.) oven about 25 minutes, or until firm.

He is a native of Rogers, Mr. and Mrs. Hill and their four children reside at 2907 North Cleveland in Cameron.

HIBERNATING BOLL WEEVILS

Surveys in 7 Southern States indicate more boll weevils are in hibernation this winter than last in some cotton growing areas. USDA entomologists cooperating with state agencies made the surveys. In Central Texas, more weevils entered hibernation in the fall of 1965 than in any year since 1960 but the increase was slight. Up from 4,406 weevils in 1964 to 4,425 in 1965. The surveys provide an early indication of the boll weevil threat to next summer's cotton crop.

## Popham To Scramble In San Antonio Show

Mac Elroy Popham, member of Gause FFA, will compete in the Calf Scramble at the San Antonio Stock Show.

He is among 283 FFA and 4-H Club members who will participate in the Calf Scramble event held during each performance of the RCA Rodeo in San Antonio, Feb. 11 to 20.

Ten winners at each performance are awarded livestock purchase certificates. Certificates are used by winners for purchase of livestock to be used as 4-H or FFA projects.

## FARMS AND LAND IN FARMS

Number of farms in operation in 1965 declined from a year earlier in 47 states and remained unchanged in 3 others, bringing the national total to 3,330,000, 3 per cent under 1964. Total land in farms decreased less than 1 per cent from 1964, yielding slowly to encroachments of urban and suburban extensions, widening highways and other nonfarm uses. A similar reduction in farm numbers and land in farms is predicted for 1966. Farm numbers—1959-1966—declined 29 per cent while land in farms decreased only 3 per cent, reports the U. S. Department of Agriculture.

## Trail Riders Leave Saturday On Six Day Trip To San Antonio

The 3rd annual Milam County Trail Ride to the San Antonio Stock Show and Rodeo will leave Rockdale Saturday, Feb. 5, after a parade through the downtown area beginning at 1:30 p.m., according to Trail Boss A. N. Graham of Rockdale.

More than 250 riders are expected to register at City Fair Park for the 6-day, approximately 150 mile trip to San Antonio including John S. Batte, Abbie Gayle Batte and Dell Fuller of Cameron.

Miss Mollie Towery of Thornhill, has been selected as the first annual queen of the Milam Trail Ride. As ride queen, she will be introduced at the San Antonio Rodeo, participate in the western parade and meet the stars of the rodeo, Rex Allen and Connie Smith.

Towns along the route where the Milam Trail Riders will stop for lunch or overnight camps include: Lincoln, Paige, Bastrop, Cedar Creek, Neiderwall, San Marcos, Hunter, New Braunfels and Selma. Dinners will be held at Lincoln and Bastrop.

The Milam County Trail Ride, which will travel along the historic Old San Antonio Road now known as Highways 21 and 81 to join with the South Texas Trail Ride from Corpus Christi and Robstown, the Six Flags Over Texas Trail Ride from Victoria, the Old Chisholm Trail Ride from Cuero (celebrating 100th Anniversary of original rides), and the Hill Country Trail Ride from Stonewall, for welcoming ceremonies at the Joe Freeman Coliseum.

City, County and Stock Show officials, the Burbank High School Band and the San Antonio Chamber of Commerce will take part in the reception planned for 3 p.m. Thursday, Feb. 10, according to Stock Show General Trail Rides Chairman, C. E. "Ed" Johnson.

The Trail Riders will attend a reception and dance at Pearl Central on Feb. 10, on the following day will participate in the Stock Show's opening day western parade through downtown San Antonio to the curtain raiser for the Feb. 11-20 Exposition.

## Growers Transfer Million Acres In Cotton Allotments

COLLEGE STATION  
Cotton allotments of about 1 million acres have been transferred by cotton farmers to other cotton growers in the same county and in other counties within the same state under provisions of the new cotton program.

The allotments, reported the U. S. Department of Agriculture, are shifted either by sale or lease to another grower, or by transfer by an owner from one farm to another owned or controlled by the farmer making the transfer.

Department officials pointed out that the 1,631,329 acres of transferred allotments comes close to the total amount of allotments released in 1965 under the release and reappropriation system which has operated for many years. Under this system the releasing grower received no reimbursement. Under the new program, the grower sells or leases his allotment for what it will bring. The purchaser, under the new sale arrangement, acquires the allotment on a permanent basis and is in a position to plan and farm more efficiently than when he was dependent on receiving reappropriated allotment annually.

Preliminary figures released for the cotton producing states on 1965 allotment transfers shows Texas producers have sold 144,383 allotment acres leased 237,401 acres and owner transfers have included 23,961 acres. Nationally, 396,519 allotment acres have been sold; 663,019 acres leased and owner transfers have involved 61,320 allotment acres of cotton.

The USDA report also shows that some 21,730 U. S. cotton farmers have sold all or part of their allotment; 70,153 farmers have leased allotments for one or more years and 4,943 owners have transferred allotments to other farms under their control.

## Heritage Club To Give PTA Program Tonight

The American Heritage Club, sponsored by Miss Ada Margaret Smith will present the program for the Cameron Parent Teacher Association meeting at Ben Milam Cafeteria at 7:30 p.m. tonight (Thursday).

Programs for the PTA this year have followed the theme "We The PTA Participate in the Community Story." Rev. Anthony Thibodeaux, president of the Cameron PTA, said the purpose of the organization is "to establish unity of teachers, parents, and school administration toward the common goals of youth development."

Membership is open to any interested adults in the community and program meetings are held on the first Thursday of each month during the school year.

## Title I Funds Approved For Rogers Schools

ROGERS  
Supt. B. F. Harbour of the Rogers Public Schools received official notification Tuesday that the Rogers school application for federal funds under Title I of the Elementary and Secondary School Act of 1965 has been approved for \$30,303.01, effective immediately.

In a called meeting of the Rogers Board of Trustees last week action was taken to put the plans into effect at once. Darwin Schwertner, elementary principal, was made director or coordinator of the program. The plans call for the employment of three elementary teachers, one elementary librarian, one counselor, one visiting teacher, and one nurse. Two teachers' aides will also be employed.

"The Rogers program for the educationally deprived students will consist of three reading labs with the newest and best equipment and trained teachers, an elementary library with a full-time librarian trained in library science, one full-time counselor to work with the children, and one visiting teacher. The nurse with supplies and services will be of great value in the program. The teachers' aides will do what the name implies," Supt. Harbour said.

To accommodate this program, two classrooms will be bought or built, and there will be some remodeling of other facilities. The money from Title II, previously approved for Rogers, will provide a great deal of library material and books. One of the reading labs will be set up at Burks school and two at Rogers Elementary School.

By Mrs. H. H. Linke

Clint Kent and Ernest Cast of Rockdale brought the morning and evening sermons at the Baptist Church here Sunday.

Mr. and Mrs. Dan Beason of Denton were weekend guests of Melba and Larry Heine.

Zane and Betty Stigall of Austin were weekend guests of their parents, Mr. and Mrs. William Stigall and Mr. and Mrs. Joe Adamek.

Mrs. Irene Hester of Fort Worth spent the past week with her mother, Mrs. Howard Fulcher, to be near her father who has been very ill for several weeks in the Taylor Hospital. She went home Sunday, and Monday another daughter of the Fulchers, Mrs. Margaret Caffey of Houston, came up to spend this week with her folks.

Dorothy Faye and Clyde Blackmon and children of Victoria were Sunday guests of her mother, Mrs. Hazel Clark.

Billy Beason, stationed with the Armed Forces at Fort Polk, La., is spending a ten-day leave with his sister, Mrs. Larry Heine.

Dr. E. D. Cook, who is with the Temple Blackland Experiment Station, spoke Monday night at the Baptist Church. "Weed and Grass Control" was the subject of his talk to a group of farmers and ranchers. He also used a film strip with his talk.

Johnny Gilchrist, Nancy Camp, Linda Devine, Curtis Beason and Rocky Terry were all at their parents' homes enjoying a few days reprieve before beginning their spring semester studies at San Marcos, Baylor, Texas, Lamar Tech and Temple Junior Colleges.

Charles Camp went to San Antonio Monday to get his grandfather, Mr. Stephens. Tuesday Mrs. Camp and her father were in Temple as Mr. Stephens was admitted to Scott and White as a patient. He is still there at this writing.

## County Agent's Notes

## Remember To Prune Shrubs

By J. D. Moore

Too little attention is generally given to the pruning of shrubs. The usual procedure is to plant shrubs and let them take care of themselves as far as form and size are concerned. Pruning at regular intervals increases the vigor of plants, helps them grow into the proper form, and makes them produce better flowers and fruits.

New cane development can be induced in some shrub species by cutting old wood at the ground level. This is especially

true of the Nandina. Tipping back exceptionally vigorous branches during the growing season tends to keep the form of a shrub more pleasing. This does not mean clipping the entire shrub as is done in shearing hedges, but merely the cutting back of rampant and alternate branches.

## SHRUB NUTRIENTS

A soil test is the best guide for adding proper nutrients for any plant. When need of plant food is indicated, the quickest response can be obtained by use of commercial fertilizers that contain ammonium sulfate. Ammonium nitrate fertilizer does not give as quick a response, but tests show that its effects last longer.

Tests at one of the USDA stations indicate that the use of barnyard manure tends to develop a chlorotic condition. If barnyard manure is used, it would be well to add iron sulfate and either ammonium sulfate or ammonium nitrate.

## KNOW YOUR SHRUBBERY

With additional water systems being developed in Milam County, opportunities for caring for shade trees and shrubbery become practical. Your county extension agents can supply information not only for identifying shrubbery plants but for their use in landscaping demonstrations.

## INSECTS OF SHRUBBERY

The scale insects are the most common insect pests of shrubbery. These insects are small and in many cases go unnoticed. Since shrubbery growth is at a minimum during the winter

months, insecticide applications are recommended for most effective control. For each gallon of water, add 2 tablespoons of dormant oil, 1 tablespoon of Malathion, 1 teaspoon of nicotine sulfate (Black Leaf 40) and 1 teaspoon of detergent. Repeat the spray application in 5 to 7 days.

Cut ants do considerable damage to shrubbery in the sandy land area of Texas. These ants live in colonies and are less active during winter months.

Methyl bromide applied to the central colony is our best control method. This should be applied during February and before warm weather activates the colonies.

## What's the best 5-letter word for fertilizer?

## And for wheat—NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now—for greater yield and higher protein. Nipak 45—45% nitrogen fertilizer from Urea—gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer—which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't cake, clog—or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

## Industrial Program Coming...

Option has been taken on one site and the Cameron Industrial Foundation is now planning for a fund drive which we shall hear much more about.

Once properly organized, an industrial development program can set in motion procedures to put Cameron in the industrial location business.

The actual location of industry is a tedious, complex, competitive business, but chances are greatly enhanced with an active, financed industrial organization with sites to show prospects and with improvements such as those cur-

rent in Cameron, to show them as well.

Recently published figures on the shift of income over to an industrial base in Milam County (Herald, Jan. 27) show the pattern.

We think Cameron awaits an aggressive industrial development organization which will contend with the competition of other Texas cities and towns already organized and competing for the influx of industry from North to Southwest and from metropolis to smaller town.

## 'Knoweth All, Knoweth Not...'

For he that talketh what he knoweth, will also talketh what he knoweth not.... Francis Bacon wrote that several hundred years ago.

He knew his people well, and though, and perhaps, because they are more plentiful, he would know them still.

Mouths were made to receive sustenance and to emit rudimentary communications in lower creatures. But man has the gift of subtle exchange

through his. He perverts his lingual gift when he whispers only half a truth or passes ninth-hand information to the tenth.

Fortunately, most of his kind are busy enough to ignore the ignoble and wise enough to understand the understated. But those busy few inspire enmity to a stir, and baseless on their premise, they appear innocent.

Bacon sums such persons well.

## Alcoa Report Shows Record For Net Sales

PITTSBURGH, Pa. Aluminum Company of America today reported 1965 net sales and operating revenues of \$1,165,596,256, an all-time record, in comparison with \$1,036,922,052 in 1964 when Alcoa first exceeded the billion-dollar annual sales mark.

Net income last year amounted to \$75,596,728, or \$3.41 a common share, in contrast with 1964 net of \$60,764,108, equivalent to \$2.72 a share.

Contributing importantly to Alcoa's improved earnings, according to John D. Harper, president and chief executive officer, were

such factors as:

—Intensive marketing development and promotional effort and increasing consumption of aluminum by such growing high volume industries as packaging and containers, building products, and electrical utilities.

—The continuing effectiveness of Alcoa's cost-reducing programs.

—Record demand for all products of aluminum, reflecting the strong level of the economy.

—Improved realization of list prices for aluminum mill products, in contrast to former widespread discounting.

Net sales and operating revenues for the fourth quarter of 1965 were \$304,831,441, up from \$272,610,267 in the fourth quarter of 1964. Net income for the fourth quarter of 1965 was \$19,462,208, or

88 cents per common share, up from \$16,292,034, or 73 cents per share in the fourth quarter of 1964.

## Texas Sales Tax Might Be Raised

By Vern Sanford

AUSTIN Gov. John Connally is going along with forecasts that a "substantial amount" of new government spending in the next fiscal period is "almost inevitable."

However, Connally declined to join in predicting specific new taxes. He called such forecasts "premature," although the Committee on State and Local Tax Policy earlier had indicated it agrees with the predictors.

"It's almost inevitable that we are going to be looking at increased expenditures in a substantial amount," Connally told a press conference. "But I don't want to try to estimate the magnitude of a tax program, if any, or the expenditures."

Meanwhile the tax policy committee held its first meeting, ordered Texas Research League studies on impact of sales tax adjustment and an unusual appraisal of how to equalize the widely-varying state property tax.

Rep. Ben Atwell of Dallas, committee chairman, reported that all members of the panel seemed to feel that more revenue will be necessary when the Legislature writes the new budget for Texas government operations next year.

Atwell said the committee will be taking a reading on revenue which could be obtained from raising the sales tax rate (now two per cent) and removing various exemptions.

These exemptions apply to food, drugs, farm machinery, alcoholic beverages, industrial and agricultural fuel and power. Atwell doubts that the legislature will tamper with the food, medicine and farm implements. He expressed a personal preference for a rate hike if new money is mandatory.

Committee also is going to study the likely effect of income taxation and corporation tax formula adjustments.

As a possible method of equalizing the property tax, the committee will evaluate results of assigning each county its equitable share of the ad valorem loan on the basis of estimated fair market values. Voters would have to approve such a procedure by Constitutional amendment.

Citizens of some counties now are paying seven times as much tax on property with the same value as do citizens of other counties.

## POLITICAL ANNOUNCEMENT

The Cameron Herald is authorized to announce the following candidates for the office named, subject to the action of the May, 1966 Democratic primaries.

For Congressman, 11th Congressional District.

W. R. (Bob) Poage (Re-election)

For State Senator, Milam - Bell-McLennan Counties

Murray Watson (Re-election)

For State Representative, District 27

Milton J. Schiller (Re-election)

For Treasurer, Milam County

Charlie J. (Bubba) Maddox

Mrs. Mary W. O. Harper

For Milam County Judge

Don G. Humble (Re-election)

For Milam County Clerk

Wayne B. Wieser (Re-election)

For Milam County School Superintendent

H. D. Maxwell (Re-election)

For Commissioner Precinct 2

LaVert (Bert) McKinney (Re-election)

Harold Jones of Wichita Falls is chairman of the newly chartered Texas Bar Foundation to raise funds for expansion of the State Bar's program of legal services to the poor.

Philip Brin of Longview is vice chairman and Associate Justice T. Gilbert Sharpe, Brownsville, 13th Court of Civil Appeals, is secretary.

## DRAFT RULES TIGHTENED

Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units. Col. Morris Schwartz, State Selective Service director, announces.

A man still can enlist in regular active-duty forces after receiving his draft orders—if he can be signed up before induction date.

Schwartz said.

New policy reached Texas draft boards from National Selective Service Headquarters where it was adopted on recommendation of the Assistant Secretary of Defense for manpower.

## CANDIDATES ANNOUNCE

In a press conference at the Capitol, Stanley C. Woods, 43, of Houston and State Rep. Bill Hollowell, 37, of Grand Saline announced as team candidates for Governor and Lieutenant Governor respectively.

Judge Joe Greenhill announced his candidacy for re-election as Associate Justice of the Texas Supreme Court.

## COURTS SPEAK

Third Court of Civil Appeals here upheld the State Banking Board in granting a charter to Northline State Bank of Houston thus reversing the decision of District Judge Tom Reavley of Austin. Airline National Bank of Houston brought suit claiming there was no public necessity for a new bank.

State Supreme Court declined to give special consideration to adequacy of legal services rendered a Robstown couple by the Nueces County legal aid office in a suit where they stand to lose their home.

Court of Criminal Appeals sustained the death sentence conviction of Walter Lee Siros in the rape of a Houston woman.

## GOV. TO SOUTH AMERICA

Governor Connally is considering a week's tour of major South American countries starting February 21 to drum up participation in San Antonio's 1968 HemisFair.

He said he hopes to visit presidents of Venezuela, Brazil and Argentina—and perhaps Chile and Peru—and ask their cooperation in staging HemisFair exhibits. Connally doubles as commissioner general of the "Fair of the Americas."

"We are running out of time," Connally told a press conference.

"The fair is scheduled to open in April of 1968. Exhibits must be built in a little over two years. Once the line is broken, I think they (all the major South American countries) will come in."

## TOURIST SEMINARS SET

Texas businesses will get tips on how they can get a bigger share of \$20,000,000 a year U.S. vacation market in series of tourist seminars scheduled for 20 Texas communities March 7-May 13.

## OLD PHILOSOPHER

Sage Hopes President's Budget Comes

Out Lot Better Than His Usually Does

Dear editor:

I don't like to advise the President, there ought to be somebody left in this country who isn't always saying what the President ought to do, or shouldn't do, or should have done, or shouldn't have done, not to mention the same for his wife and children, but last night I was reading in a newspaper which I hauled off and bought in town, people think I just sit around out here and wait till a paper shows up but this isn't the first time I've bought one. I did the same thing once year before last, at any rate, according to this paper which I bought and paid for and now own outright. President Johnson has proposed a record-breaking budget for this year of \$112.8 billion.

However, he pointed out, this will come within 1.8 billion of being balanced, because while we have to spend more, the country is booming so its income will increase so much that tax revenues will make it come out almost even.

Now this may work for the na-

tion, the President has more economic advisors than I do and they keep in closer touch with the economic index—in fact, I'm out of touch altogether with the economic index. I had one for this Johnson grass farm but I mislaid it, well I didn't really mislay it, I filed it under the E's where it belongs but now I can't remember where I put the E's—but it never does work out that way with me.

Every time I figure I can spend more because I anticipate making more, something happens and I wind up making less and there fore owing more. I don't know about Washington, but with me anticipated income is one of the most unreliable sources of revenue I've ever tried to operate on. A calf born in January ought to be worth around \$100 in September, and it would have been if it hadn't died.

However, this isn't to say Washington can't do it. It's got more calves to depend on.

Yours faithfully,

J. A.

Texas Tourist Development Agency will co-sponsor the meetings in places yet to be selected.

Clinics are mainly designed for groups which have direct contact with tourists, including police, hotel, service station and restaurant personnel. Interested communities and groups should correspond with Texas Tourist Development Agency here.

## OIL AND GAS ARGUMENTS

Oil and gas operators in 15 West Texas counties have been given a chance to show why they shouldn't be ordered to stop using open unlined surface pits for salt water disposal.

Texas Railroad Commission set Feb. 24 for hearings on fields in Young and Archer Counties.

A March 13 hearing has been set on fields in Hemphill, Swisher, Andrews, Martin, Bailey, Hale, Cochran, Dawson, Gaines, Hockley, Lynn, Terry and Yoakum Counties.

Hearings are a part of the commission's activity in the water pollution control field. Chairman Ben Ramsey says such hearings now are consuming 40 per cent of the time of the commission's field inspectors.

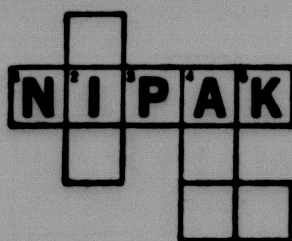

## Aluminum Production Sets New Hi Record

NEW YORK Primary aluminum production in the United States in 1965 broke all records, gaining nearly eight per cent over the preceding year, S. L. Goldsmith Jr., executive vice president of The Aluminum Association, reported today.

A record 2,754,478 tons of primary aluminum were produced by the nation's eight primary producers during the year, he said. This was a gain of 7.9 per cent over the 2,552,744 tons produced in 1964.

Since 1961, Goldsmith noted, primary production has gained 44.7 per cent. Production that year totaled 1,903,711 tons. In 1962, production rose to 2,117,929 tons, then climbed to 2,312,530 in 1963, to 2,552,744 in 1964, and hit 2,754,478 tons in 1965.

# What's the best 5-letter word for fertilizer?

## And for cotton—NIPAK Mixed Fertilizer

To get cotton off to a good fast start, form a sturdy root system and keep plants hardy throughout the growing season, put down NIPAK at pre-plant or at planting time. In one application you supply the necessary nitrogen for quick, healthy establishment and enough phosphorus for the entire growing season. Sidedress later with NIPAK 45 (45% nitrogen fertilizer from Urea that gives one-third more nitrogen per pound than any other form of solid nitrogen fertilizer) and you feed that cotton its most necessary plant nutrient. NIPAK mixed fer-

tilizer in the moisture-proof bags or in bulk can save you time, money and labor. Helps you produce \$6 in cotton for every \$1 invested in NIPAK (Based on Southwest experiment station tests, this is an average return. You may produce higher yields.) NIPAK mixed fertilizer is formulated to contain the amounts of key plant nutrients required by your soil

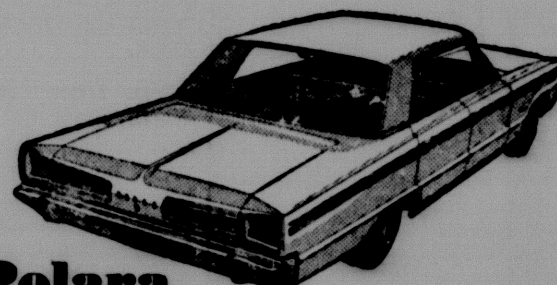

after testing. So for more grow power, ask your local NIPAK dealer about NIPAK fertilizer. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

## Polara

Kick the dull driving habit in a car that's really going places. Polara is loaded with looks, luxury and performance. It's big and solid, with wide sweeping lines. And Polara gives you a lot of standard extras (like a 383 cubic inch V8).

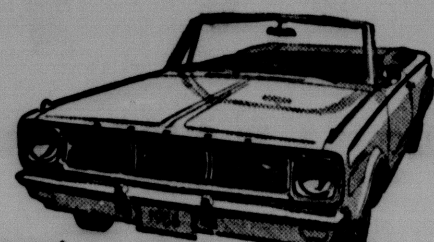

## Coronet

Here's a car that fills the bill for Rebels who want a brand new thrill. The Coronet is sharp, smart and zippy—and it goes like no other car in its class. Coronet is also loaded with luxury the higher-priced cars haven't caught onto yet. Lots of power in a spunky Six—and a fistful of brawny V8's.

## Monaco

Take a look at Dodge's top gun. For luxury performance this is the one. Combines performance, comfort and glamour at a reasonable price. By far the most dazzling car in the '66 Dodge lineup of dazzlers. Monaco! Hardtop, wagon or sedan.

## Dart

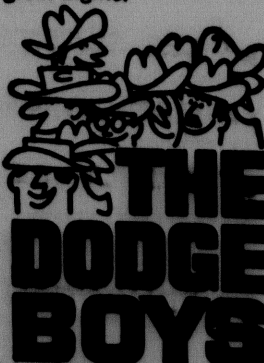

This is a rebel in the compact class—bigger than any, with a lot more sass. Big on the inside. Big on the outside. Beautiful any way you look at it. (About the only way it resembles an ordinary compact is in the way it saves you money). Your choice of two quick Sixes and two great Eights.

## Alcoa Foundation Increases Number Of Available College Scholarships

Alcoa Foundation has announced an increase in the number of scholarships available to sons and daughters of employees at Alcoa's Rockdale Works. The Rockdale plant, which has been receiving one scholarship each year since the program began, will now have two \$3,000 awards.

According to Rockdale Works Manager H. F. Chisno, the increase will be effective with the awards to be made this spring.

He said the increase will raise the number of scholarships given annually by The Foundation from 54 to 66.

Presently there are 23 sons and daughters of Alcoa employees competing for the two \$3,000 scholarships at Rockdale. They represent high schools from Rockdale, Caldwell, Granger, Lexington, Taylor, Thrall and Brookshire. In March of this year, the Selection Board and the locally administered program will, by results of college entrance examination board tests and school grades, declare finalists in the competition. Sometime later a dinner meeting will be held with the finalists and their parents, and the two winners and their runners-up will be announced at that time.

Milam County School Superintendent H. D. Maxwell is chairman of the Selection Board.

Each scholarship is worth \$3,000 and is paid over a four-year period. In addition, an unrestricted grant of \$1,000 is made to the college or university attended by the recipient, payable at the rate of \$250 per year, so long as the recipient remains in good standing at the school.

Since 1953, when The Alcoa Foundation established its program, 492 scholarships have been awarded.

### FOOT AND MOUTH DISEASE

An epidemic of foot-and-mouth disease in the Soviet Union's livestock has prompted special vigilance by U. S. agricultural inspectors at international ports and border crossings, reports the U. S. Department of Agriculture.

State draft boards are scheduled to induct 1,372 men into the armed forces in February, Col. Morris S. Schwartz, state Selective Service director, said Tuesday.

This compares with a quota of 1,475 in January and 1,523 in December. The February quota of 1,372 is the Texas share of a national call for 23,400 men, 26,400 for the Army and 3,000 for the Marine Corps.

Col. Schwarz also announced that 8,640 men will be forwarded to examining and entrance stations during February to undergo the draft physical and mental examination.

## Austin, Waco Sites For Bapt. SS Meets

Sunday School Department of the Baptist General Convention of Texas has announced regional conventions to be held in several Texas cities next week.

Meetings for this area will be held February 3 in Waco and February 4 in Austin.

The Rev. Jaroy Weber will be the principal speaker for both of these area meetings. Program, under direction of W. R. Bumpas, secretary of state Sunday School work, will also feature other prominent Texas Baptist personalities.

### CORN PRODUCTION TESTS

Results from corn performance tests grown at 16 locations in Texas have been released by the Texas Agricultural Experiment Station. Texas 28A, 28B and 30 produced average yields of over 70 bushels an acre to lead all hybrids in the tests. These hybrids showed a wide range of adaptability by ranking at, or near, the top in each of the tests. Local county agents can supply information on the recommended hybrids for your area.

## TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

### Millions Leave Them There!

# TIED!

Maybe no one has ever actually bound your wrists with a rope. But haven't you, at times, felt as if you were literally hand tied? You struggle and strain with your problems and anxieties, and you are completely unable to get free.

Such moments come to everyone, and they are not easy to face. It's simple to be serene when things are going well. But when your hands are tied—when you feel helpless, even hopeless—then you begin to realize life cannot be lived alone.

It's then that you know how important Faith is—how it is something you absolutely must have. With Faith to sustain you, you inevitably begin to see your way out. Without it, you flounder.

Turn to the Church—not just because you are troubled, but because it can give you spiritual freedom.

### THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## CITY BEAUTIFUL

Not long ago an eastern city banned the use of clotheslines in the front of houses. Although a rebellious home owner challenged the validity of the law, it was upheld in court.

Legal experts reacted vehemently both pro and con. For the clothesline case touched on a sensitive issue: may a city restrict the use of private property for the purpose of beautifying the community?

The issue arises in countless ways. May the owners of roadside property be forbidden to erect billboards? May the owner of an unsightly junk yard be forced to enclose it with a fence? May a home owner be required to keep his premises from becoming an eyesore to the neighborhood?

Clearly the city may act for reasons of safety or health. It may insist, out of regard for your neighbors' welfare, that your home must not become a firetrap or a source of disease.

But the law long looked askance at regulations that were even partly motivated by considerations of beauty. Safety and health were considered matters of necessity, but beauty only a matter of luxury—not urgent enough to justify government tampering with private property rights.

Besides, it is relatively easy to agree on what is safe and what is healthful. But what is beautiful? If the city could regulate in the name of beauty, couldn't it—for example—tell a home owner what color to paint his house? where to plant his shrubbery? As one judge put it:

"Individual taste, good or bad,

# IRS Answers Tax Questions

(Ed. Note: This column of questions and answers on federal tax matters is fourth in a series and is provided by the U. S. Internal Revenue Service. It is published by The Herald as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.)

Q - A fellow at the office said his refund was held up because he forgot to sign his return. Do you really do this?

A - Yes, a tax return is a legal document and has to be signed by the taxpayer. On joint returns both husband and wife must sign. If a signature is missing on a return it has to be obtained before processing can proceed. Naturally this will delay any refund that might be due.

Q - How much can I deduct for cigarette tax?

A - Cigarette taxes are not deductible as taxes on individual income tax returns.

Q - I didn't cash my last December paycheck until after the first of the year. Does this mean I can include it with my 1966 income?

A - No. This paycheck is 1965 income and has been included on your W-2. The general rule for checks is that they are taxable in the year received regardless of when they are cashed or deposited.

## Harbour Named To Dallas Bank Office

ROGERS  
A Rogers man, Bruce Harbour, son of Mr. and Mrs. B. F. Harbour, was elected an officer in the First National Bank in Dallas Tuesday at the annual Directors meeting. He was promoted to be an Assistant Trust Officer in the Trust Department of the Bank.

Harbour has been working for the Bank in Dallas since his separation from the United States Air Force in November, 1963, as a first lieutenant. Harbour, a 1960 graduate of Baylor University in business administration and banking, worked part time in the First National Bank in Waco while attending college. He was treasurer of the student body during his senior year at Baylor, and was in R.O.T.C., the Baylor Chamber of Commerce, and other organizations.

## L. Mondrik Attends San Antonio Meeting

Lincoln Mondrik, Lone Star Beer distributor for Cameron, attended the 26th annual meeting of his company last week in San Antonio. Attending the meeting were more than 500 company employees from five states.

On Sunday the meeting was held at the brewery where a new administration building was dedicated and the newest addition, a partly completed bottle shop addition, was shown.

Q - Do you have to list income and expenses down to the last penny on a tax return?

A - You may round off your figures to the nearest dollar. However, this does not mean that estimates are acceptable. Items listed on a return must be properly substantiated.

Q - What about funeral expenses? Are any of them deductible?

A - Funeral and burial expenses are not deductible medical expenses.

Q - We gave a lot of furniture away when we moved from a house into an apartment. Can we take any deduction on this?

A - If you gave the furniture to a qualified religious, charitable, etc. organization, you may deduct the fair market value, provided, of course, that you itemize your deductions. Check pages 8 and 9 of the 1040 instructions for details.

Q - I got an interest report on Form 1099 from my savings bank. Does this have to be filed with my 1040 like a W-2?

A - No, the report was for your information to show you the amount of interest earned for the year. This and other interest and dividend income must be shown on your 1040. A duplicate copy of this interest report is sent to IRS by the bank. You should retain your copies with your tax records.

Q - I'm a student. Do I have to add my scholarship when I figure my total income?

A - Generally, amounts received as scholarships may be excluded from income subject to certain limitations. Check with your local Internal Revenue office if you have any question about whether your scholarship is tax exempt.

Q - I still haven't got a W-2 from my former employer. What should I do?

A - Contact him and ask for your W-2. If you have moved, can you include premiums paid for hospital insurance?

A - Yes, you can. Remember to reduce your actual medical expenses by any reimbursement you receive from this insurance.

Q - On a joint return, can I exclude \$200 in dividends from taxable income?

A - The exclusion is \$200 only where the husband receives \$100 or more in dividends and the wife receives \$100 or more in dividends. On joint returns, each taxpayer may exclude up to \$100 in dividends received on stock he and she owns either jointly or individually.

In Texas, a community property state, dividends are usually community income and as a general rule, \$200 may be excluded on a joint return.

Q - I am entitled to claim my father as a dependent. Since he just turned 65 can we claim an additional exemption for him?

A - No. There is just one \$600 exemption for a dependent regardless of age.

Q - I just filed my return. How long will it take to get my refund?

A - It usually takes about six weeks to process a refund return that is properly made out. A refund may take longer than that if the return is filed just before the April 15 deadline.

An error on the return will also delay the refund and so will the selection of the return for a pre-refund audit. Among the most common causes of delay in receiving a refund are failure to sign returns and to give correct social security numbers.

Q - What business travel expenses are deductible?

A - Travel expenses include fares, the cost of operating and maintaining your automobile, and meals and lodgings incurred while away from home overnight on business. They are deductible to the extent that they are not lavish or extravagant under the circumstances.

Q - Tax is withheld from my

paycheck but I still end up owing money when I file my return. Is there anything I can do about this?

A - One way to increase your withholding is to drop some of your exemptions for payroll purposes. You can always claim all the exemptions you are entitled to when you file your tax return. If this is not enough, you can ask your employer to withhold additional amounts from your paycheck.

Q - What items do you include when figuring out support furnished a dependent?

A - Support includes food, shelter, clothing, medical and dental care, educational and similar expenses. If items provided as support are goods or lodging then the fair market value of these items should be used.

Q - I just sold my home. What should we include when working out the cost basis and the sales price?

A - The cost of the house to you would be the initial purchase price plus the cost of permanent improvements you have made, purchase commissions, title fees and the like less any deferred gain on a home previously sold. From your selling price you can

deduct selling commissions, advertising fees and similar costs incurred in transferring the property.

Form 2119, "Statement Concerning Sale or Exchange of Personal Residence," will be of great help to you in calculating any

tax liability. Write your District Director for a copy. Also, ask for a copy of Document No. 5017—"Selling your Home."

### SELF ANALYSIS QUIZ

## Are You Really Happy At Home?

By Jane Sherrod Singer

It has been said, "There are men who are happy without knowing it." Perhaps, if you answer these questions honestly, you will have new insights about the life you lead in your own home.

- |   | YES | NO  |
|---|-----|-----|
| 1. Do you have at least one hobby?  | ( ) | ( ) |
| 2. Do you and your family share problems and joys?  | ( ) | ( ) |
| 3. Do you resent rules and regulations?   | ( ) | ( ) |
| 4. Do you often feel that your living quarters are inferior to those with whom you associate? | ( ) | ( ) |
| 5. Do you actively work toward the maintenance and improvement of your home?                  | ( ) | ( ) |
| 6. Have you worked out a sensible budget to which you adhere?                                 | ( ) | ( ) |
| 7. Are you careful not to bore the people with whom you live?                                 | ( ) | ( ) |
| 8. Do you often compliment those with whom you live?  | ( ) | ( ) |
| 9. Do you resent criticisms or suggestions?   | ( ) | ( ) |
| 10. Do you readily open your home to guests?  | ( ) | ( ) |

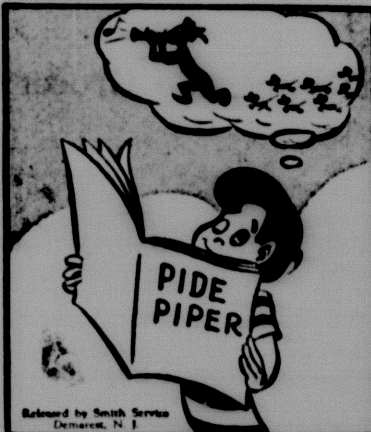

POSSIBLE ANSWERS: All should be Yes, except 3, 4 and 9. SCORING: Your scale can best be found in your own heart and summed up by Hamilton: "Six things are requisite to create a 'happy home.' Integrity must be the architect, and tidiness the upholsterer. It must be warmed by affection, lighted up with cheerfulness; and industry must be the ventilator, renewing the atmosphere and bringing in fresh salubrity day by day; while overall, as a protecting canopy and glory, nothing will suffice except the blessing of God."

## Outdoors In Texas

By Vera Sanford

That misfit, the nutria, seems  
 to have met its match.

Despite man's diligent efforts  
 to eradicate this pest, it continued  
 to thrive and multiply. But now  
 nature seems to be getting things  
 in hand again, at least along the  
 Gulf Coast where the nutria are  
 most abundant.

On a recent trip to Port Ar-  
 thur, for instance, we were told  
 we couldn't go on a nutria hunt  
 because, believe it or not, there  
 weren't enough nutria. Talk about  
 a switch!

A few short years ago people  
 were bemoaning the fact that  
 nutria were taking over the land.  
 Then along came Hurricane Car-  
 la and suddenly there weren't  
 many nutria anymore. Nature  
 had done what man couldn't do.

Actually, this rat-looking crea-  
 ture is a victim of poor press re-  
 lations more than anything else.

"There has been a tremen-  
 dous amount of erroneous infor-  
 mation published about nutria," says  
 Ed Holder, outdoors editor of the  
 Port Arthur News and a student  
 of nutria behavior. "Much of it is  
 true. But some of it is merely  
 propaganda, exploited by some,  
 out to pick up a dollar."

For a long while the nutria was  
 considered worthless. It had  
 things to its own liking. Nobody  
 bothered it. So it went happily on  
 its way. It ate everything from  
 swamp grass to the farmer's crop,  
 including mama's flowers and  
 garden.

Then the nutria suddenly had an  
 imposing enemy-man. A profitable  
 market was created for its pelt  
 and hunters started seeking them  
 in earnest. This is another rea-  
 son why nutria populations no  
 longer are exploding.

Nutria trappers sell the animals  
 "on foot," or simply the dead  
 carcasses. Buyers skin the ani-  
 mals, stretch and dry the pelts.
